Scientific Advisory Committee on Fisheries (SAC)

Subregional Committee for the Eastern Mediterranean (SRC-EM)

FAO HQ, Rome, (Italy), 18 – 19 March 2019

DRAFT AGENDA AND TIMETABLE

MONDAY 18 MARCH

Afternoon Session, 14:30-17:30

1. Opening and arrangements of the meeting

- Welcome addresses and introduction of participants
- Adoption of the agenda and appointment of the chair and rapporteurs
- Introduction of the SRC-EM objectives and expected outputs

2. Session on the management of deepwater red shrimp

- Newly adopted recommendations GFCM/42/2018/3 and GFCM/42/2018/4 on a multiannual management plan for sustainable trawl fisheries targeting giant red shrimp and blue and red shrimp in the Levant Sea (geographical subareas 24, 25, 26 and 27) and in the Ionian Sea (geographical subareas 19, 20 and 21), respectively.
 - Compilation of data requested by the recommendations
 - Management of the resource
 - Advances on the determination of fishing grounds
- Advances on data collection in the subregion
- Discussion on the terms of reference for Joint EastMed/MedSudMed/GFCM data preparation meeting (September 2019)

TUESDAY 19 MARCH

Morning Session, 9:00-13:00

Afternoon Session, 14:30-17:30

3. Overview of main topics of relevance for the SRC-EM

- Issues related to the formulation of advice on fisheries
- Follow-up on the strategic initiatives of the GFCM of interest to the subregion
 - Mid-term strategy activities
- Newly adopted recommendations stemming from the forty-second GFCM annual session relevant to the eastern Mediterranean subregion:
 - Recommendation GFCM/42/2018/1 on a multiannual management plan for European eel (*Anguilla anguilla*) in the Mediterranean

- Recommendation GFCM/42/2018/2 on fisheries management measures for the conservation of sharks and rays in the GFCM area of application, amending Recommendation GFCM/36/2012/3
- Recommendation GFCM/42/2018/3 on a multiannual management plan for sustainable trawl fisheries targeting giant red shrimp and blue and red shrimp in the Levant Sea (geographical subareas 24, 25, 26 and 27)
- Recommendation GFCM/42/2018/7 on a regional research programme on blue crab in the Mediterranean
- Recommendation GFCM/42/2018/10 on access to information and data related to monitoring, control and surveillance within the framework of joint inspection and surveillance schemes
- Recommendation GFCM/42/2018/11 on the regional marking of fishing gear
- Status of eastern Mediterranean stocks from the working groups on stock assessment
- Outcomes of other SAC activities relevant for the management of Eastern Mediterranean fisheries, including from the dedicated technical sessions on round sardinella, the working group on marine protected areas (WGMPA) and the working group on Small Scale Fisheries. (WGSSF)
- Presentation of relevant initiatives towards the management of resources in the subregion, including the subregional monitoring plan for NIS, climate change, surveys at sea, socioeconomic survey, bycatch programme, recreational fishing and the FishForum
- Other relevant aspects for the subregion

4. Formulation of conclusions, recommendations and scientific advice

- Advice in relation to the status of stocks in the Eastern Mediterranean
- Advice in relation to the management of fisheries in the Eastern Mediterranean
- Other relevant advice for the region

5. SRC-EM workplan

6. Any other matter

7. Closing session
